MEMORANDUM

TO: Fact Book Recipients

FROM: Lawrence Schilling, Director
Institutional Research and Studies

DATE: January 20, 2010

SUBJECT: Fact Book 2009-2010

We are very pleased to distribute, to you and your staff, the twenty-fourth edition of the University's Fact Book. One of the goals of Institutional Research is to communicate valuable and timely information to the campus and external constituents. Based on your needs throughout the years, the presentation and type of data included in this document has evolved with each edition. Additions to note in the Fact Book this year are: a ten-year history of program enrollments and degrees awarded by program within college.

We urge you to bookmark the Institutional Research homepage and web fact book, *Quick Facts*, with address <http://www.irs.siu.edu/quickfacts>. As new data becomes available after the tenth day of each fall semester, we update data presentations on Quick Facts for your use prior to printing of the next Fact Book.

A team of offices help make this publication possible, and we want to acknowledge Undergraduate Admissions, Affirmative Action/Equal Opportunity, Alumni Services, Budget Office, Financial Aid, Accounting Services, Graduate School, Human Resources, International Programs and Services, School of Law, Library Affairs, School of Medicine, Office of the President, Research Development and Administration, Office of Provost and Vice Chancellor, University Communications, Printing/Duplicating Service, Physical Plant and Institutional Research and Studies.

Key points about Southern Illinois University Carbondale follow:

For the third year, Military Advanced Education magazine lists SIUC as one of the nation's top military-friendly universities for 2009.

Accredited by the Association to Advance Collegiate Schools of Business, Princeton Review ranks SIUC's College of Business as one of 301 Best Business Schools.

The 2010 MFA rankings, The Top Fifty in the journal "Poets and Writers," the standard journal for those in Creative Writing professions ranked SIUC 47th in the nation, ahead of every other university in Illinois, both public and private.

The College of Education and Human Services Rehabilitation Counseling training program is the nation's oldest, and the program receives consistently high marks in U.S. News & World Report rankings, most recently placing No. 6 nationally. Communication Disorders and Sciences and Social Work are also programs with Top 100 ranking from U.S. News.

SIUC has once again been selected by The Princeton Review for its 2010 Best Colleges: Region by Region and received the designation of "Best Colleges."

Financial aid administered to SIUC students in fiscal year 2009 increased to over \$263 million which is an 11.5% increase compared to the previous year.

The number of SIUC students receiving loan aid increased 2% while the number of students receiving gift aid decreased to a time prior to five years ago. However, gift aid dollars has increased 43% in the past five years.

Recent results of the Baccalaureate Alumni Survey show that 84% of undergraduate students who graduated in 2003 have a “positive” or “strongly positive” attitude toward the University. 96% of the graduates also indicated a great willingness to recommend SIUC to others. 45-47% of the graduates indicate they are employed in Illinois.

The number of Master degrees awarded at SIUC continues to rise and a little over 1,000 degrees were awarded in FY09; over a ten-year period, Master degrees have increased 25%.

According to a recent Diverse: Issues in Higher Education magazine, SIUC ranks 44th among the nation’s traditionally white and historically black institutions in awarding Bachelor degrees to African-American students. And, SIUC ranks 44th of Top 100 Degree Producers in the total number of Bachelor degrees awarded to African-American students.

Total grants and contracts awarded for FY09 was over \$121 million (including Financial Aid monies). Agricultural Sciences increased their number of awards by 23% and the dollar amount by about 10%.

The National Science Foundation ranked SIUC 110 in FY08 for Research and Development (R&D) expenditures at public universities and colleges.

Last, but not least, feedback about the print-copy and web fact book is welcomed and encouraged. To contact the Fact Book editor, Linda Benz, email her at llbenz@siu.edu. Or, you can record your comments on the Feedback page in the Quick Facts section on our homepage. We appreciate your feedback and support of the Fact Book.

Mission Statement

Southern Illinois University Carbondale, now in its second century, is a major public higher education institution dedicated to quality academic endeavors in teaching and research, to supportive programming for student needs and development, to effective social and economic initiatives in community, regional, and statewide contexts, and to affirmative action and equal opportunity.

Enrolling students throughout Illinois and the United States and from a large number of foreign countries, SIUC actively promotes the intellectual and social benefits of cultural pluralism, encourages the participation of non-traditional groups, and expands student horizons and leaders to superior undergraduate education.

Seeking to meet educational, vocational, professional, social, and personal needs of its diverse population of students and helping them fully realize their potential is a central purpose of SIUC. Emphasis on accessibility and regional service which creates distinctive instructional, research, and public service programs also gives SIUC its special character among the nation's research universities, and underlies other academic developments, such as its extensive doctoral programs and the schools of medicine and law.

Committed to the concept that research and creative activity are inherently valuable, SIUC supports intellectual exploration at advanced levels in traditional disciplines and in numerous specialized research undertakings, some of which are related directly to the southern Illinois region. Research directions are evolved from staff and faculty strengths and mature in keeping with long-term preparation and planning.

Even as SIUC constantly strives to perpetuate high quality in both instruction and research, it continues a long tradition of service to its community and region. Its unusual strengths in the creative and performing arts provide wide-ranging educational, entertainment, and cultural opportunities for its students, faculty, staff, and the public at large. Its programs of public service and its involvement in the civic and social development of the region are manifestations of a general commitment to enhance the quality of life through the exercise of academic skills and application of problem-solving techniques. SIUC seeks to help solve social, economic, educational, scientific, and technological problems, and thereby to improve the well-being of those whose lives come into contact with it.

Focus Statement

Southern Illinois University Carbondale offers a full range of baccalaureate programs, is committed to graduate education through the doctoral degree, and gives high priority to research. It receives substantial federal support for research and development and annually awards a significant number of doctoral degrees balanced among selected liberal arts and sciences disciplines and professional programs. In addition to pursuing statewide goals and priorities, Southern Illinois University Carbondale:

- strives to develop the professional, social, and leadership skills expected of college students and to improve student retention and achievement;

- supports the economic, social, and cultural development of southern Illinois through appropriate undergraduate, graduate, and professional education and research;
- develops partnerships with communities, businesses, and other colleges and universities, and develops utilization of telecommunications technologies;
- cultivates and sustains a commitment in research and instruction to problems and policy issues related to the region and the state's natural resources and environment;
- strives to meet the health care needs of central and southern Illinois through appropriate health-related programs, services, and public health policy; and
- cultivates and sustains diversity through a commitment to multiculturalism, including international programming.

Priorities Statement

Southern Illinois University has an unequivocal commitment to excellence in teaching, scholarly/creative activities, and service and the achievement of these objectives within an affordable educational experience for all of our students. Within these objectives, and consistent with the distinctive missions of the Carbondale and Edwardsville campuses, is an explicit commitment to the tradition of affirmatively supporting the educational needs of underrepresented and disadvantaged populations in the state.

To achieve these objectives, the following priorities have been established:

- To improve teaching and learning and strengthen undergraduate, graduate and professional education, we shall take advantage of existing and emerging

programmatic strengths and bridge school-to-work by increasing work-based learning experiences for our students.

- To enhance student success, we shall involve all members of the University community in implementing an effective, targeted recruitment strategy and improving student retention, including the elimination of obstacles to timely degree completion.
- To strengthen our commitment to faculty and staff development as well as ensure a closer correlation of productivity, faculty and staff workload, and reward systems as defined by the role and mission of each program and administrative unit.
- To expand inter- and intra-campus collaboration in order to strengthen international education, degree programs, distributed learning, fundraising, research opportunities for students and faculty, and streamline administrative processes. Resources resulting from such efficiencies shall be directed to the University's primary educational mission.
- To build public and private sector partnerships that address the state's needs and strengthen the University's leadership role in the region.

Achievement of these priorities requires the commitment and dedication of the entire University community.

Revised Mission Statement was approved by SIU Board of Trustees on March 13, 2003. Focus and Priorities statements approved by SIU Board of Trustees on June 11, 1998.

DEFINITIONS OF TERMS USED

The purpose of this section is to define terms used in the Fact Book, and as they are used by the University. Assisting the customer to understand the terms used in the tables and graphs is a primary objective.

BUDGET

General Revenue Funds are those funds established to receive the major portion of the tax revenues and to pay the regular operating and administrative expenses of most State agencies. (Source: Comptroller's Uniform Statewide Accounting System-Procedure 09.10.20)

Educational Assistance Fund is a "Special State Fund" established July 1, 1989 by the Illinois Income Tax Act. This act establishes that a portion of the state income tax be provided as financial assistance to Elementary, Secondary, and Higher Education in the State of Illinois. (Source: Comptroller's Uniform Statewide Accounting System-Procedure 09.10.20)

University Income Funds are those funds which receive revenues such as course-specific fees and tuition at State-supported institutions of higher education. These funds are appropriated for the support, operation and improvement of State-supported colleges and universities. (Source: Comptroller's Uniform Statewide Accounting System-Procedure 09.10.20)

University Wide Services are those operations provided centrally that function for the entire University system as opposed to one specific unit.

ENROLLMENTS

Full-time students are undergraduate students enrolled for 12 or more credit hours per semester and graduate students enrolled for 9 or more credit hours per semester. This is the Integrated Postsecondary Education Data System (IPEDS) definition. (Source: National Center for Education Statistics)

FTE (full-time equivalent) is defined as an enrollment unit used to represent a student enrolled for a full course of study. It is calculated by dividing total credit hours generated by 15 for undergraduate students and by 12 for a graduate student for a semester FTE. This is the Integrated Postsecondary Education Data System (IPEDS) definition. (Source: National Center for Education Statistics)

Headcount is defined as the count of each student enrolled for one or more courses taken in a semester on the 10th day of the semester's start.

Non-degree Seeking student is identified as a student enrolled in courses for credit who is not recognized by the institution as seeking a degree or formal award. This is the Integrated Postsecondary Education Data System (IPEDS) definition. (Source: National Center for Education Statistics)

Non-persisting indicates a student who is no longer enrolled at Southern Illinois University Carbondale in any program. Furthermore, this term is used to identify a student who is enrolled in a fall semester of an academic year and does not return the following fall semester.

Undeclared/Unclassified student is identified as a student who has enrolled in instructional courses but has not been officially accepted into one of the institution's authorized degree programs. This is the Integrated Postsecondary Education Data System (IPEDS) definition. (Source: National Center for Education Statistics)

FACULTY AND STAFF

Clerical and Secretarial includes all persons whose assignments typically are associated with clerical activities or are specifically of a secretarial nature. This is the Integrated Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

Executive/Administrative/Managerial includes all persons whose primary assignments require management of the institution, or a customarily recognized department or subdivision thereof. Assignments require the performance of work directly related to management policies or general business operations of the institution, department or subdivision. Assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgement. This is the Integrated Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

Faculty (Instruction/Research/Public Service) includes all persons whose specific assignments customarily are made for the purpose of conducting instruction, research, or public service as a principal activity (or activities), and who may hold academic-rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any of these academic ranks. This is the Integrated

Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

Full-time Instructional Faculty includes members of the Instruction/Research staff who are employed full time and whose major regular assignment (more than 50%) is instruction, including those with released time for research. Department chairs with faculty rank and no other administrative title are included. This is the American Association of University Professors (AAUP) definition. (Source: American Association of University Professors). Full time is defined as a 95 or greater than 95 percent appointment.

Instruction/Research Assistants includes all students employed on a part-time basis for the primary purpose of assisting in classroom or laboratory instruction or in the conduct of research. This is the Integrated Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

Other Professionals (Support/Service) includes all persons employed for the primary purpose of performing academic support, student service, and institutional support activities, whose assignments would require either a baccalaureate degree or higher or experience of such kind and amount as to provide a comparable background. This is the Integrated Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

Part-time Faculty includes faculty with less than a 95 percent appointment at the University.

Service/Maintenance includes all persons whose assignments require limited degrees of previously acquired skills and knowledge and in which workers perform duties which result in or contribute to the comfort, convenience, and hygiene of personnel and the student body or which contribute to the upkeep and care of buildings, facilities or grounds of the institutional property. This is the Integrated Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

Skilled Crafts includes all persons whose assignments typically require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work, acquired through on-the-job training and experience or through apprenticeship or other formal training programs. This is the Integrated Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

Technical and Paraprofessionals includes all persons whose assignments require specialized knowledge or skills which may be acquired through experience, apprenticeship, on-the-job-training, or academic work in occupationally specific programs that result in a 2-year degree or other certificate or diploma. This is the Integrated Postsecondary Education Data System (IPEDS) Fall Staff general instructions.

OTHER

CIP or Classification of Instructional Programs Code is a taxonomic coding scheme for secondary and postsecondary instructional programs. The CIP is the accepted Federal Government statistical standard on instructional program classifications and is used in a variety of education information surveys and databases. This is the Integrated Postsecondary Education Data System (IPEDS) Glossary of Terms.

CPI or Consumer Price Index is a measure of the average change in prices over time paid for food, clothing, shelter, transportation, and the other goods and services that people buy for day-to-day living. The U.S. Bureau of Labor Statistics compiles this index. (Source: [2008 HEPI, Commonfund Institute](#))

HEPI or Higher Education Price Index is a measure of the average relative level in the prices of a fixed market of goods and services purchased by colleges and universities. Government agencies and industry provide data to compile this index. (Source: [2008 HEPI, Commonfund Institute](#))

LAC Fees stands for "Legislative Audit Commission Guideline Fees." LAC fees are course specific fees or other revenue derived from instructional activities. Examples of this type of fee include course specific fees, application fees, graduation fees, transcript fees, and library fines.

Student Credit Hour is a unit awarded a student for completing instruction of at least one hour per week for a semester (usually 15 weeks) or laboratory work of two to three hours per week for a semester. Quarter credits and short courses are prorated according to the above standard. (Source: Illinois Board of Higher Education)

Lower Division Students (undergraduate) is a student who has accumulated fewer than 60 semester credit hours (90 quarter credit hours) or the equivalent. (Source: Illinois Board of Higher Education)

Upper Division Students (undergraduate) is a student who has completed at least 60 semester credit hours (90 quarter credit hours) or an unclassified (irregular or special) student who has not been admitted to the graduate division or to a professional college or school giving a post baccalaureate degree. (Source: Illinois Board of Higher Education)

Graduate I Students (graduate) is a student holding a bona fide bachelor's degree who has been admitted to the graduate division or to a professional school either as a candidate for a master's degree, advanced degree or certificate, or as an unclassified graduate student. (Source: Illinois Board of Higher Education)

Graduate II Students (graduate) is a student holding a bona fide master's degree or an advanced certificate beyond the master's degree who has been admitted to a doctoral program. Also, a student holding a bona fide bachelor's degree who has been formally admitted to a doctoral program and who has completed at least 30 semester credit hours toward the doctoral degree is considered a Graduate II student. A Graduate II student can exist only in programs for which the institution offers an approved doctoral degree. (Source: Illinois Board of Higher Education)

NOTES: Use of Materials includes books, periodicals, government documents, media materials, phonorecords, and maps.

Electronic Access is a combination of databases and services available either campus-wide via the SIU network or the Library network. The Library's homepage (www.lib.siu.edu) provides access to Morris Library's online catalog, SIU's Law Library, and numerous other online catalogs within the state of Illinois. Also, available online are full text databases, indexes, and other computer-based services.

Cohort Total	1,868	1,635	1,682	1,957	1,804

NOTES: *CAS students are students enrolled in Center for Academic Success.

**Percent is the percent of new freshmen with reported high school percentile rank within each range.

Data is based on regularly admitted full-time baccalaureate degree-seeking new freshmen entering in Fall Semester or entering in summer and continuing into the fall semester.

ACT composite scores and SAT total scores have been converted to enhanced ACT equivalent scores.

SOURCE: RAMP Operating Resource Requirements (Table 7), FY2002-FY2011.

Table 25: Persistence and Graduation of On-Campus, New Full-time Freshmen Seeking a Baccalaureate Degree Students Entered New in One of the Fall Semesters 2002-2008 (10th-day headcount)

Entering Fall Semester	Cohort Headcount	Continued to 2nd Yr	Continued to 3rd Yr	Graduated within 4 Yrs	Continued to 5th Yr	Graduated within 5 Yrs	Continued to 6th Yr	Graduated within 6 Yrs	Continued to 7th Yr
2002	2,328	70.2%	56.4%	23.6%	25.4%	40.0%	7.8%	45.2%	2.4%
2003	2,478	70.2%	56.4%	23.9%	25.5%	39.9%	6.7%	43.5%	2.9%
2004	2,480	70.2%	57.2%	26.0%	24.8%	40.8%	6.7%		
2005	2,315	67.4%	54.5%	20.5%	24.8%				
2006	2,222	69.8%	58.5%						
2007	2,488	69.1%	56.1%						
2008	2,558	67.8%							

NOTES: Percents are cumulative rather than annual percents.

Each graduation year contains all recorded graduations of students in a graduation year of December, May, and August.

Each cohort consists of all new full-time freshmen entering SIUC in the respective summer and continuing into fall, or entering in that fall semester for the first time. On-campus only degree-seeking students are included in each cohort.

All 10th-day cohorts were tracked through the end of Fall Semester 2009, and the status of the student is recorded each fall semester following the fall semester the student entered as a new freshman: did the student graduate, is the student still persisting, or is the student a non-persister.

Continued to 2nd Year, 3rd Year, etc. is defined as a student who returns for the Fall semester of that year.

The cohort headcount for new, full-time freshmen will not match Fact Book Table 2 because Table 2 includes associate degree-seeking and off-campus students as well as baccalaureate degree-seeking students.

SOURCE: Institutional Research and Studies Longitudinal Student History File and 10th-day student census files.

NOTES: Academic Year includes Fall and Spring semester.

Effective Fall 2004, non-resident tuition changed from 2 to 2.5 times resident tuition.

** Effective Fall 2004, the Guaranteed Tuition Stabilization Plan for first-time undergraduate students was enacted.

New first-time freshmen from the 34 southern most counties in Illinois who qualify for the Academic Competitiveness Grant will be given an alternate tuition rate of 0.8 times the normal residency rate, guaranteed for four years along with the appropriate Guaranteed Tuition Plan.

The non-residency multiplier for students from Missouri, Kentucky, Indiana, Tennessee, and Arkansas will be 1.0. For undergraduates, this multiplier will be guaranteed for four years along with the appropriate Guaranteed Tuition Plan.

Tuition costs are locked in at the same annual rate for up to four continuous academic years following initial enrollment.

The minimum course load for full-time as an undergraduate is 12 hours and the typical load is 15 hours.

HEPI Index Value and CPI Index Value in 1983 = 100.

NOTES: Academic Year includes Fall and Spring semester.

Effective Fall 2004, non-resident tuition changed from 2 to 2.5 times resident tuition.

The minimum course load for full-time as a graduate student is 12 hours for financial awarding purposes.

Graduate students are not assessed the Student-to-Student Grant Program Fee.

**Table 29: Statement of Revenues, Expenses and Changes in Net Assets
For the Year Ended June 30, 2009**

NOTES:

Includes Carbondale campus and School of Medicine at Springfield.

The Statement of Revenues, Expenses and Changes in Net Assets differentiates between operating and nonoperating revenues and expenses, and displays the net income or loss from operations. An operating loss will always result since revenues from state appropriations are mandated as nonoperating.

Tuition and fee revenues have been reduced by scholarship and fellowship amounts that have already been recognized as revenues. Scholarship allowances totaled \$25,753,617 in FY 2009.

The depreciation of capital assets is presented as an operating expense.

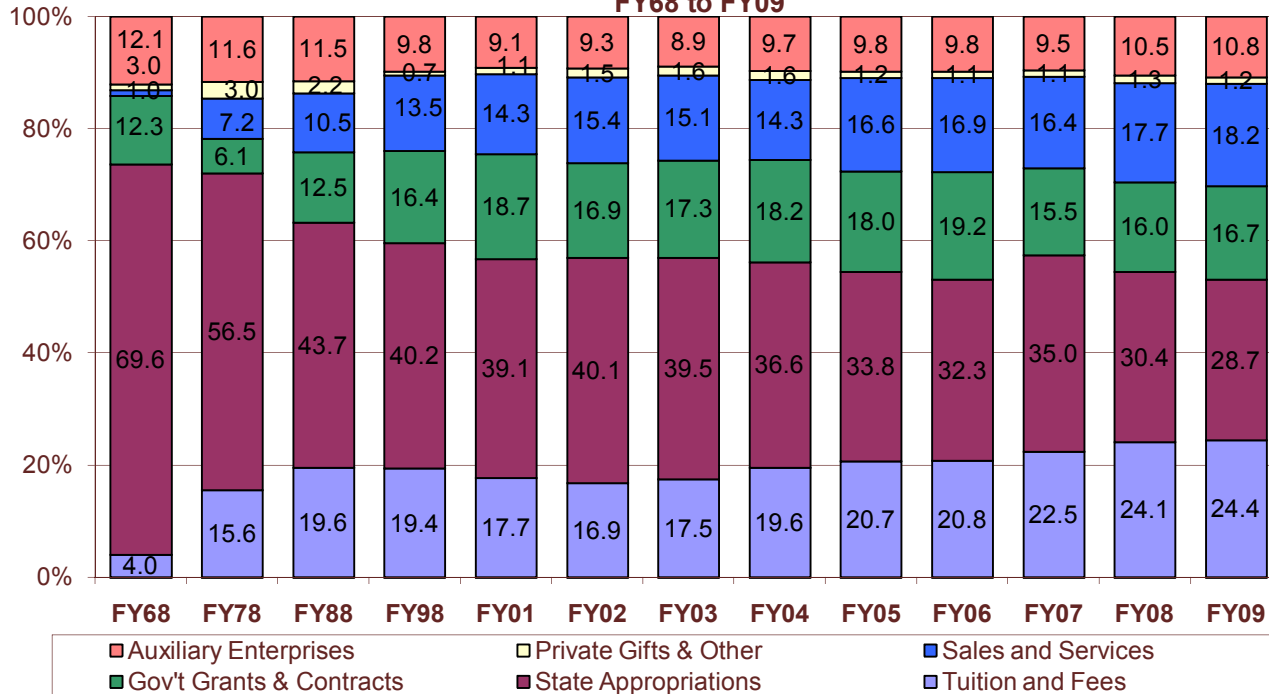

Auxiliary enterprises are operated primarily for service to students and staff and are intended to be self supporting, such as Housing, Student Center, Student Health Programs, Student Recreation Facility, and Parking.

Nonoperating grants and contracts are nonexchange transactions, primarily federal student aid programs such as Pell grants.

Payments on behalf of the University represent health care and retirement costs paid by the State of Illinois on behalf of University employees. These costs are reflected as operating expenses under the appropriate functional classification and as nonoperating revenues.

**Note that FY04 Educational Assistance fund merged with General Revenue fund.

Table 30: Budgeted State Appropriations and Income Fund History, Fiscal Years 2001-2010

NOTES:

General Revenue Funds (GR) are those funds established to receive the major portion of the tax revenues and to pay the regular operating and administrative expenses of most State agencies.

Educational Assistance Fund (EAF) is a "Special State Fund" established July 1, 1989 by the Illinois Income Tax Act. This act establishes that a portion of the state income tax be provided as financial assistance to Elementary, Secondary, and Higher Education in the State of Illinois.

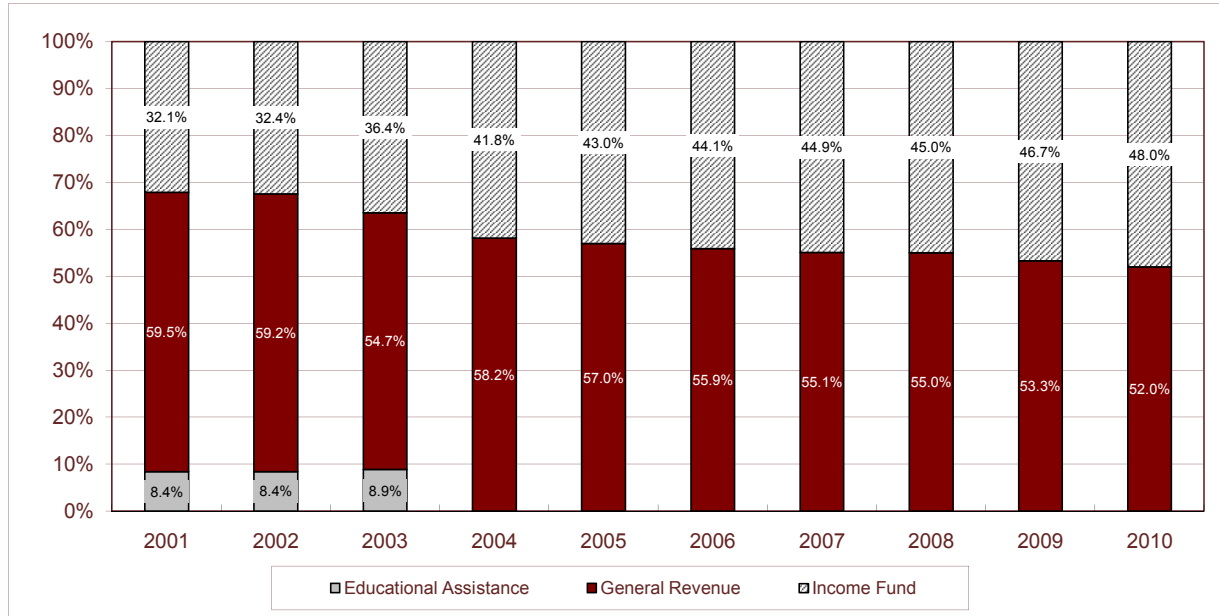

University Income Funds (IF) are those funds which receive revenues such as course-specific fees and tuition at State-supported institutions of higher education. These funds are appropriated for the support, operation and improvement of State-supported colleges and universities.

University Wide Services are those operations provided centrally that function for the entire University system as opposed to one specific unit.

Fund source definitions are from Comptroller's Uniform Statewide Accounting System (Procedure 09.10.20).
