## NOTES:

(1) First-Time Freshman includes new freshmen entering in summer and continuing into fall semester as well as freshmen entering in fall semester as new students. The rest are fall only.

(2) The "Number of Applications" for 2013 reflects a shift in SIU's approach to tracking and reporting applications and does not reflect an actual decline in total applications received (2.8% more applications were received in 2013 compared to 2012). Beginning in 2013, SIU is reporting only those applications considered to be actionable, consistent with nationally recognized practices. The number of First-Time Freshmen applications could vary slightly from what is reported to IPEDS because students who do not specify gender are not included in IPEDS.

(3) Prior to 2013, First-Time Freshmen admission headcounts excluded those students who withdrew after an admitted decision had been made. Beginning in 2013, SIU is also reporting admitted students consistent with nationally recognized practices.

## NOTES:

- (1) All 10th day cohorts were tracked through the 10th day of the Fall 2017 semester to determine whether the student graduated or still persisted.
- (2) Each cohort consists of all first-time, full-time, degree-seeking, on-campus freshmen entering SIU Carbondale in the respective summer and continuing into fall, or entering in that fall semester for the first time.
- (3) Graduation percentages are cumulative rather than annual percentages. Graduation is based on fall through the next summer semester.
- (4) Continued to 2nd Year, 3rd Year, etc. is defined as a student who returns for the fall semester of that year.
- (5) The cohort headcount for new, full-time freshmen will not match FactBook table, Enrollments by Full-Time/Part-Time within Class Level, because that table includes associate degree-seeking as well as baccalaureate degree-seeking students and on- and off-campus students.

- (1) Includes President's Office, University Wide Services, Carbondale campus and School of Medicine at Springfield.
- (2) The Statement of Revenues, Expenses and Changes in Net Position differentiates between operating and nonoperating revenues and expenses, and displays the net income or loss from operations. An operating loss will always result since revenues from state appropriations are mandated as nonoperating.
- (3) Tuition and fee revenues have been reduced by scholarship and fellowship amounts that have already been recognized as revenues. Scholarship allowances totaled \$48,627,906 in FY 2017.
- (4) State Appropriation revenues for 2017 only consisted of the Stop Gap II appropriation approved by the Illinois General Assembly.
- (5) The depreciation of capital assets is presented as an operating expense.
- (6) Auxiliary enterprises are operated primarily for service to students and staff and are intended to be self-supporting, such as Housing, Student Center, Student Health Programs, Student Recreation Facility, and Parking.
- (7) Nonoperating grants and contracts are nonexchange transactions, primarily federal student aid programs such as Pell grants.
- (8) Payments on behalf of the University represent health care and retirement costs paid by the State of Illinois on behalf of University employees. These costs are reflected as operating expenses under the appropriate functional classification and as nonoperating revenues.

## Budgeted State Appropriations and Income Fund History, Fiscal Years 2009-2018

### NOTES:

(1) FY17 includes Stop Gap II (SB2047) and the additional FY17 appropriation (SB0006). The 2016 - 2017 *FactBook* included SB2047 in FY16 and no state appropriation for FY17. SB0006 was not approved until July 6, 2017.

(2) During FY16, the General Assembly enacted two Stop Gap appropriations (SB2059 and SB2047). The first provided about 31% of the prior year's appropriation. The second bill, passed on June 30, 2016, provided funding totaling almost \$75 million that could be used in either FY16 or FY17. SB2059 is included in the 2016 figures above and SB2047 is included in the 2017 figures above.

(3) State Appropriations include the following:

General Revenue Funds (GR) are those funds established to receive the major portion of the tax revenues and to pay the regular operating and administrative expenses of most State agencies.

Educational Assistance Fund (EAF) is a "Special State Fund" established July 1, 1989 by the Illinois Income Tax Act. This act establishes that a portion of the state income tax be provided as financial assistance to Elementary, Secondary, and Higher Education in the State of Illinois.

(4) University Income Funds (IF) are those funds which receive revenues such as course-specific fees and tuition at State-supported institutions of higher education. These funds are appropriated for the support, operation and improvement of State-supported colleges and universities.

(5) University-Wide Services are those operations provided centrally that function for the entire University system as opposed to one specific unit.

(6) Fund source definitions are from Comptroller's Uniform Statewide Accounting System (Procedure 09.10.20).
